

Tough Stuff

When Amazon makes it tough,
we do all the heavy lifting for you.

OUR SERVICES

It is not unusual for Amazon to make mistakes — big mistakes that cost sellers thousands a day.

- Sends warnings and enforcements out of the blue
- Demands action but provides vague direction
- Replies with unhelpful automated emails
- Gives incorrect or incomplete instructions (Seller Support)
- Locks Brand Registry with no seller access
- Claims IP infringement (incorrectly)
- Threatens ASIN and account suspensions for unknown reasons

Advertising Lockdowns

- ✗ Amazon wrongly blocks advertising on a hero ASIN.
- ✓ We make it eligible again.

Brand Registry Broken

- ✗ Sellers get kicked out for imaginary "abuse," or basic functions don't work.
- ✓ We appeal to get full privileges back.

FBA Fiascos

- ✗ Lost inventory, mis-stickered goods, loss of hazmat—the issues are never-ending.
- ✓ We help sellers work with Amazon to make it right.

Code of Conduct Chaos

- ✗ Sellers are accused of abusing buyers, other sellers or even Amazon itself.
- ✓ We help them regain their accounts.

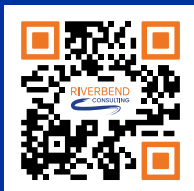

Legal Wrangling

- ✗ Lawsuits happen.
- ✓ We provide top-notch expert witness testimony.
